

Neutralizing and activating antibodies

Last Modified on 17/03/2023 10:01 am EDT

Find blocking and activating antibodies for functional assays in the *Application* filter

An expansive list of **applications** allows you to refine your figure and product results and includes options to find antibodies for blocking and activating assays. Look for the *Neutralizing Assay* and *Activation Antibody* in the **Application** filter.

Please check out our [Guide to Filters for Antibodies](#) to learn more about our filters!
