

Proteins belonging to multiple product type subcategories

Last Modified on 03/02/2022 1:45 pm EST

A recombinant cytokine will be tagged as both recombinant and a cytokine/growth factor

If a protein you're looking for could belong to multiple **Product Type** subcategories, note that subcategories are not exclusive, so a protein product can belong to more than one subcategory. For example, you can find a recombinant cytokine by filtering for only *recombinant* proteins, or only *cytokines/growth factors*, or both simultaneously.

You can see on a **product page** how we've mapped a product— below, the **TGFB3** recombinant human protein is categorized as a *Cytokine/Growth Factor* AND a *Recombinant* protein.

SPECS	FIGURES (27)	EXPERIMENTAL DATA	PROTEIN INFO
Product Info			
PRODUCT SPECS ^			
Protein	TGFB3, TRANSFORMING GROWTH FACTOR BETA-3 PROPROTEIN		
Species	Human		
Expression System	Escherichia Coli (e. Coli)		
Protein Type	Cytokines/Growth Factors, Recombinant		
Purity	98%		
Purification Method	Sequential Chromatography Purified
